Result

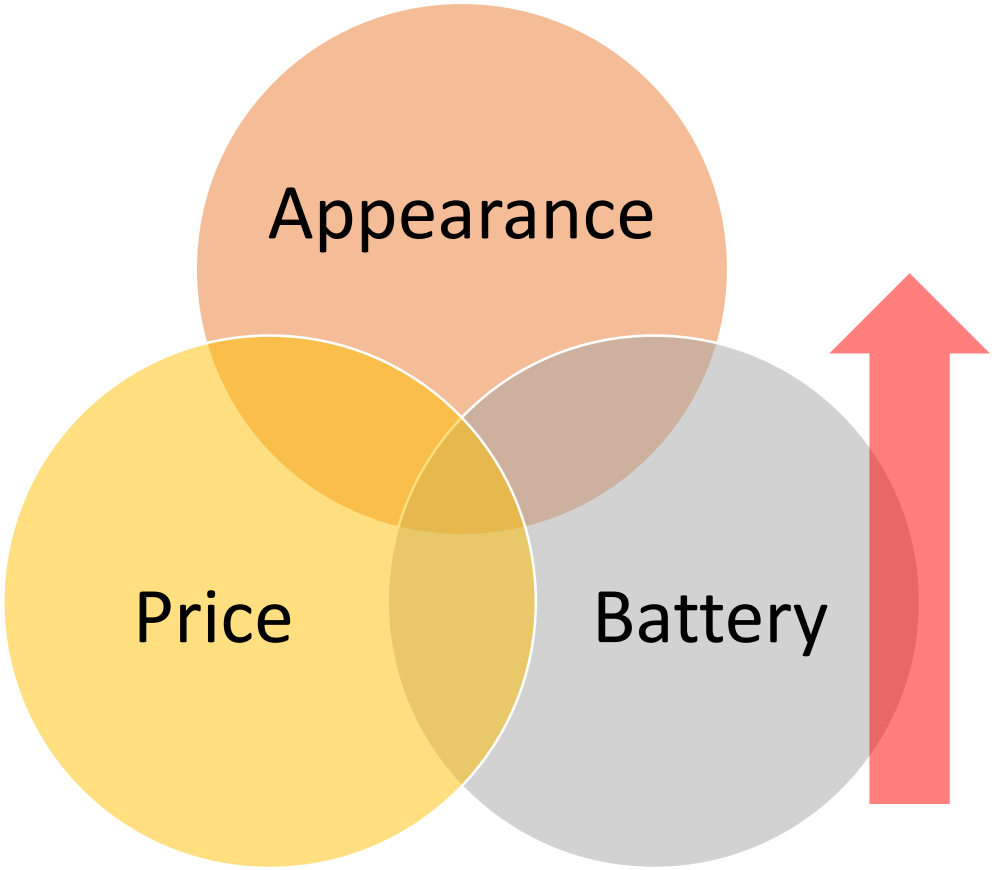
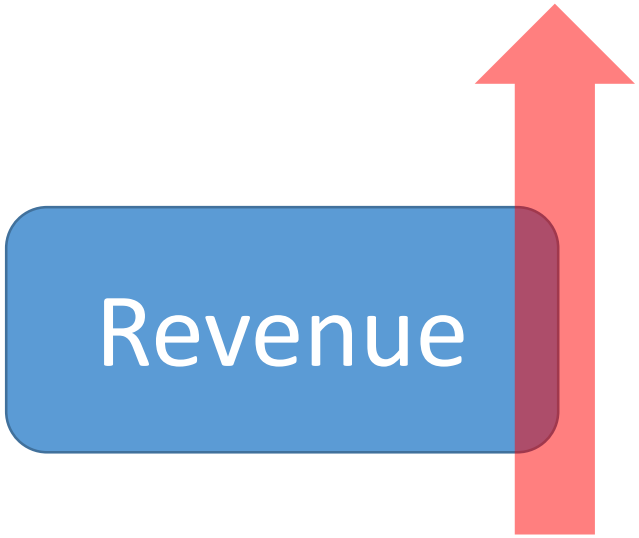
Three factors influence the revenue (iPhone6)





Reflected the customers' needs

Introduction
Literature review
Methodology
Result
Conclusion

Conclusion

- Under the assumption that the reality of these comments
- Some characteristics would affect the revenue
- Save the time to read comments and reduce the labor costs
- Provides the new product with right information to meet customer needs.

Introduction
Literature review
Methodology
Result
Conclusion

Conclusion

- Further improvement
- Develop a system can draw the trend picture automatically
- Adding positive and negative judgments
  - ✓ you can let the company refer to those marketing strategies to bring positive returns, those who may bring negative evaluation
