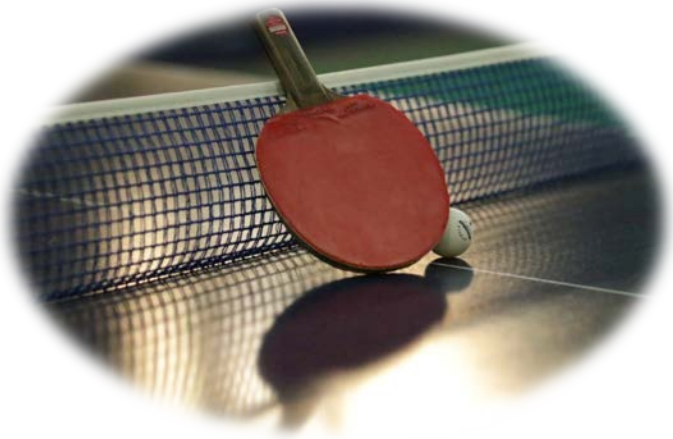
DZ Table Tennis Venue’s website integration

106034550 Nick 施韋和

Outline

- Introduction
- As-Is Model&To-Be Model
- ER model
- Website Demo
- Future directions
- Conclusion



Introduction

- People pay more and more attention to health issues in recent years
- Table Tennis is a weatherproof sport and getting more popular in Taiwan

BUT…

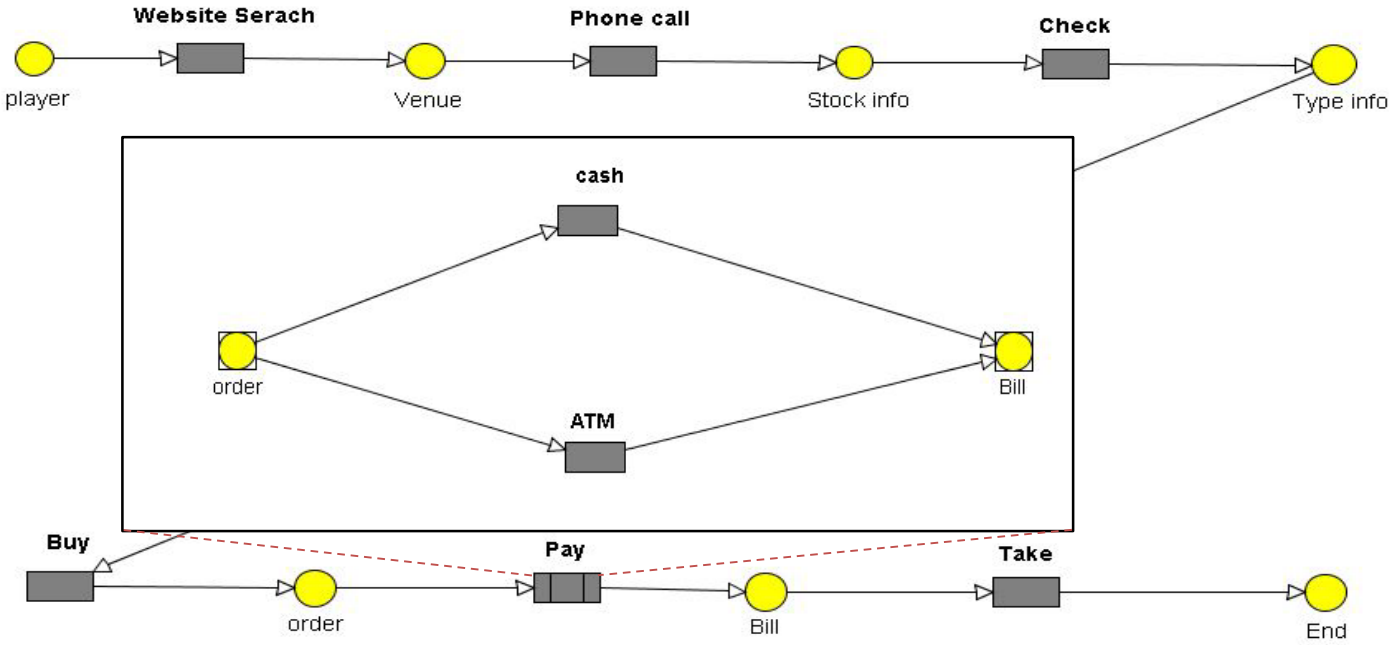
Wait……..

Wait……..

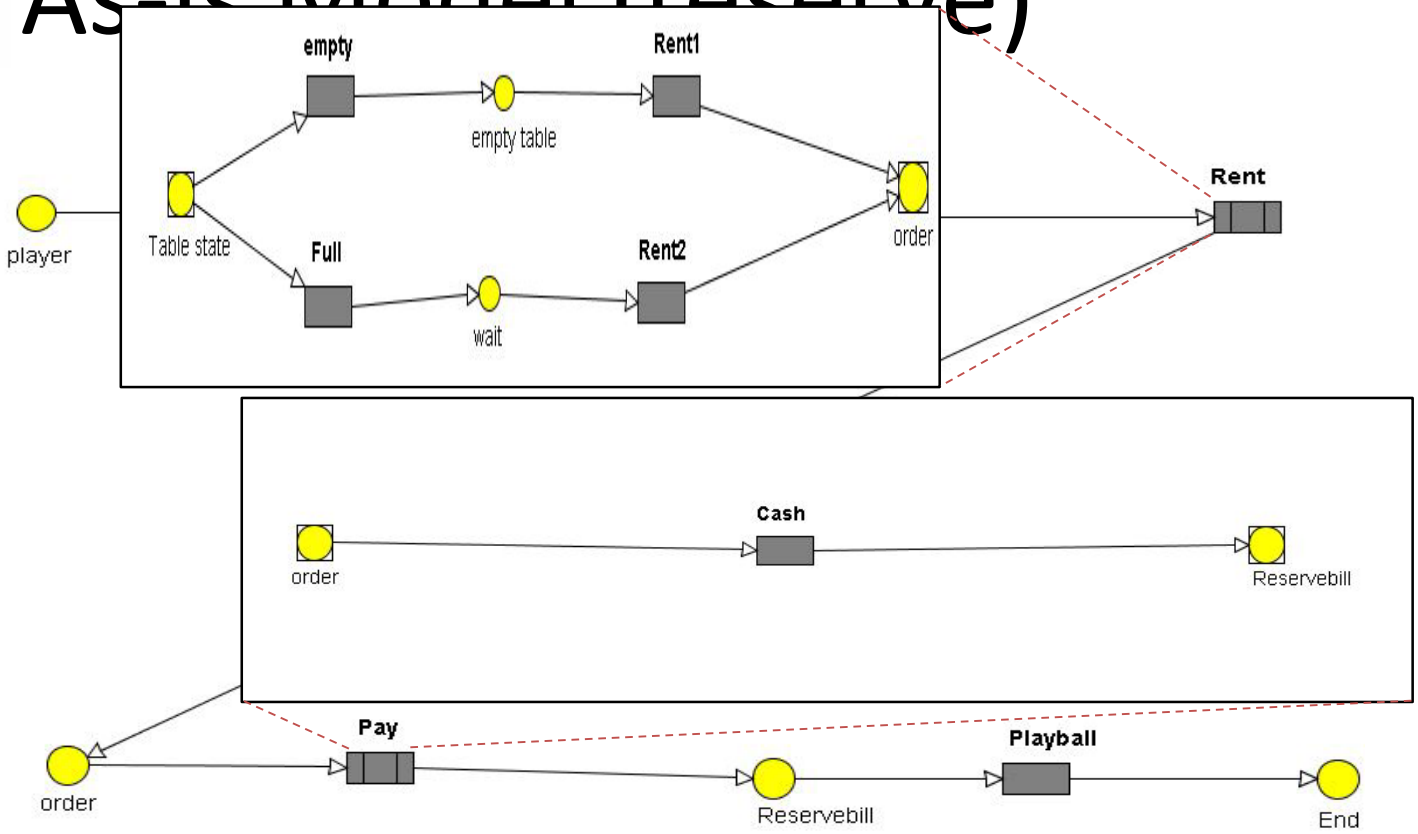
Wait……..

Doesn’t make reservation in advance?

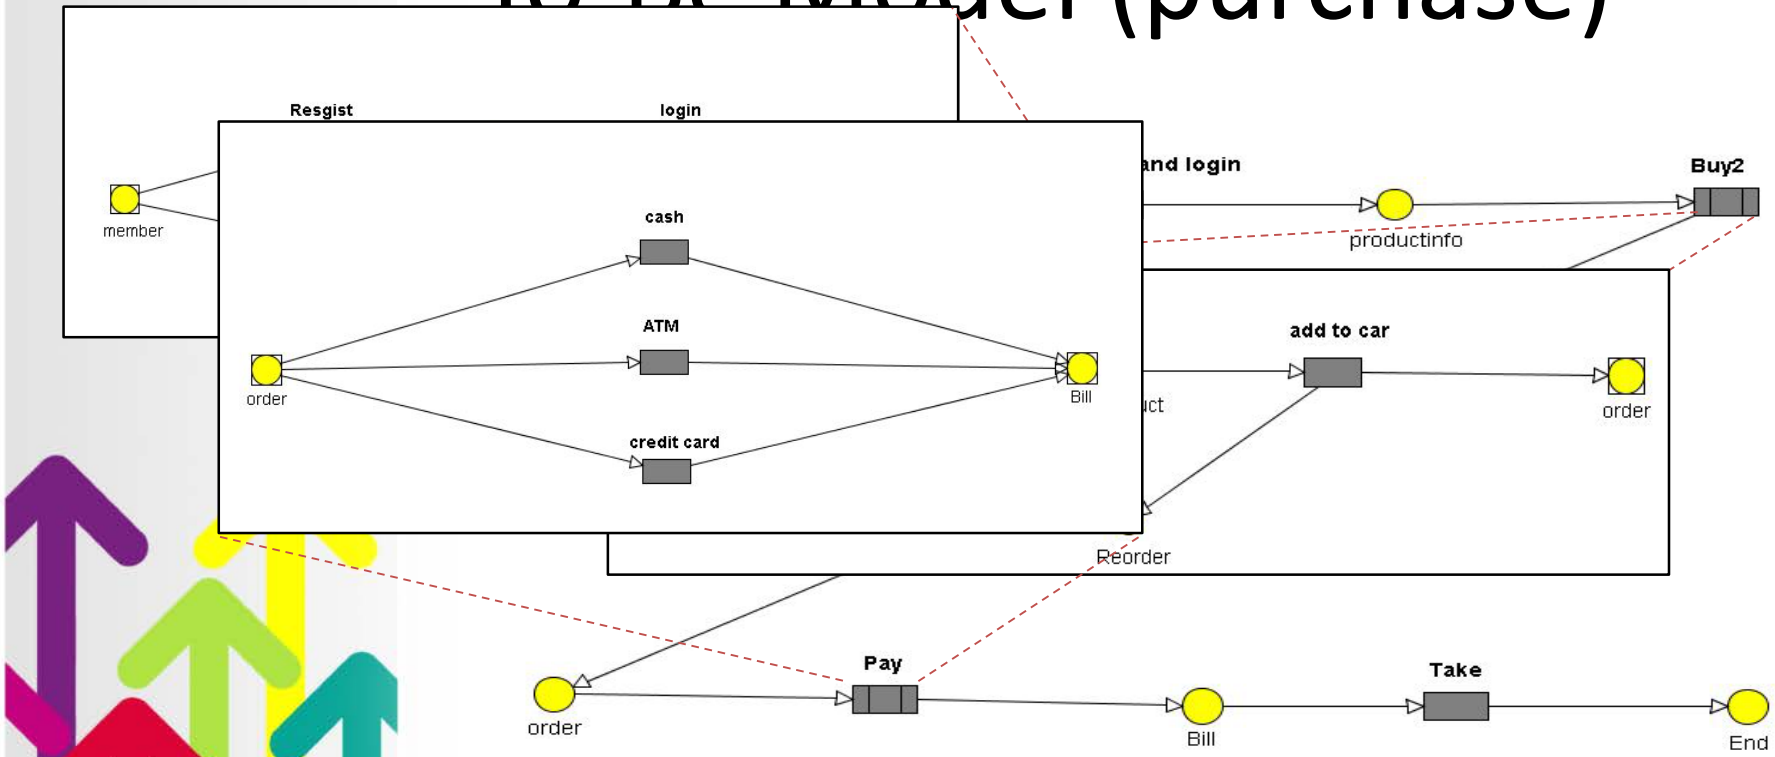
As-Is Model (purchase)



As-Is Model (reserve)



To-Be Model (purchase)



To-Be Model (reserve)

Website Demo

- http://140.114.54.94/group4/777/index1.html

Future directions

- Schedule overview

- Online payment

可使用卡片類別

- APP Design

Conclusion

- DZ website can help table tennis players reduce lots of waiting time. Players don’t worry about the full table.
- I think people should get into the habit of using Internet.
- I think future can add new function:

  APP reserve notification and combine Android pay.

祝大家寒假愉快！

謝謝
