

EEI Final Assignment

指導老師：邱銘傳

報告人：林昱翰 106034556

Introduction

Apply e-enterprise integration's tool
on the sharing skills platform

sharing economy

■ It's core is “use without possession” .

motivation

- Based on these issues, this article aims to design a web page for customers in order to provide a high-quality platform to use, allowing sellers to sell their skills to earn money, and buyers can also learn invisible knowledge through this platform.

5W1H

What

It is a platform for Taiwan user to share their skill like share any daily product.

Why

There is no one do the platform with skill.

When

Whenever you want to sell your skill, you just log in and upload the skill, you are the teacher!

Where

Every place with Internet.

Who

Anyone who has appealing skill

How

Go to my YuHan skillshared website!

As is / To be

As is

Step1. The customers go outside or surf on search engine blindly.

Step2. The customers find some direct stores which provide specific skill.

Step3. The customers purchase skill from the seller by no comparison.

YOU LOSE

To be

Step1. The customers go to the YuHan skill shared web and browse the skill they would like to learn.

Step2. The customers log in the online ordering system and purchase the skill what they want.

Step3. The seller(teacher) will contact the customer(student) by the transaction record.

YOU WIN!

Skill list

Web Demonstration

GO

Future directions

All sellers on the platform need to be authenticated. The seller's personal data will be connected to facebook, so we can know more about the seller.

There is a scoring system for each seller, so according to this system, the user could know about the seller's quality and attitude

Become as powerful as Taobao shopping site
